

Child sexual exploitation (CSE) information

Child sexual exploitation is a hugely distressing, but fairly rare form of sexual, emotional and physical abuse of children. Knowing the signs and being aware of the support available can help to equip parents and carers with the knowledge and tools to act. If you want to find out more about child sexual exploitation, the signs to look out for or speak to someone for advice please see the parents against child sexual exploitation website at <https://paceuk.info>

Here at Leigh and Bransford key members of staff have undertaken CSE awareness training which has then been disseminated to the wider staff.

Further reading on this matter along with the CEOP reporting tool can be found at:
