Condover Hall Residential Visit

Dear parents,

Following my letter earlier this week regarding the covid 19 virus I would like to give you a further update. I wish to make it clear that we continue to follow the government's science-based advice on this matter and, whilst the government has announced further measures to delay the spread of covid 19, these do not directly affect the planned residential visit to Condover Hall on Monday. The one important change is that if your child has a continuous cough or fever they should be isolated at home for seven days meaning your child cannot go on the school visit in these circumstances.

The current evidence suggests that it is highly unlikely that your child will develop covid 19 in the next few days but if they develop any illness whilst away on the trip we will of course contact you immediately and ask you to come and collect them. I would also like to reiterate the government advice that children and young people are the least affected age group by this virus.

I hope that this puts your minds at rest and I know the children are looking forward to enjoying an excellent time next week.

Yours sincerely,

Mr S Bill
