Covid 19 update

Dear parents,

With further government measures announced yesterday I would like to give you an update on the school's position. The one important change announced by the government is that if your child has a continuous cough or fever they should be isolated at home for seven days. Therefore we are asking that all of our families follow this latest guidance and ensure that any pupils are kept away from school for seven days if they display either or both of the above symptoms . As usual please inform the school office of any illness immediately.

Please see the following for guidance: <https://www.gov.uk/government/publications/covid-19-stay-at-home-guidance/stay-at-home-guidance-for-people-with-confirmed-or-possible-coronavirus-covid-19-infection>

We continue to maintain the highest possible standards of hygiene and preventative practices in school and will continue to follow the latest expert advice. We are also making preparations to carry on educating our pupils remotely should schools be forced to close at some point in the future. Of course you will be informed immediately of any further updates that we receive.

Yours sincerely,

Mr S Bill
