Dear Parents,

Re: Easter holiday arrangements

I do hope that everyone is managing to stay safe and that you are finding the remote learning that we are providing useful and stimulating for your children. The feedback that we are getting would suggest that this is going well. One tip that I will pass on is that if you click on your child's name you will cut out the other comments that you see on class view, making it easier to track work tasks etc. I also hope that everyone is managing to find activities to do that sustain well-being and good mental health during this very unusual period.

During the Easter holidays (6th – 19th April) the teachers will not be setting daily work, although some “homework tasks” will be set as they would in ordinary times. This will ensure that pupils have some down time as they usually would and that teachers get some planning and recuperation time.

However, we are very pleased to be continuing our on-site service to the already established critical key workers group. This will run throughout the Easter holidays and without any interruption. Therefore staff will be in school throughout what is usually the holidays and the office will be manned during this period. We hope this gives these families the support they need in order to continue to provide the vital functions that we are so grateful for.

Our normal remote learning service will carry on from Monday 20th April and will continue for as long as required.

All best wishes,

Mr Bill

Headteacher
