Saturday 6th June 2020

Dear Parents,

Mrs Sage's key workers group

I have just written to Mrs Sage's group to let them know that her and her husband had a precautionary Covid-19 test earlier this morning as Mrs Sage's husband is displaying some potential symptoms. Mrs Sage herself is showing no symptoms at this time. She was told that it will take a minimum of 48 hrs for the results to come back and I will update you when they do.

Whilst we await results I have asked that Mrs Sage's group stay away from school in order to prevent potential transmission to other groups. As you know we have been working in "bubbles" so there has been no contact between Mrs Sage's group and other groups. These bubbles contain siblings and have their own fixed staff members and are therefore truly self-contained. Therefore, as things stand, other key worker and reception groups can come to school as usual on Monday.

In the unlikely event that anyone in your home develops symptoms they should self-isolate at home for 7 days and other members of the household for 14 days unless showing symptoms. A test should also be organised online by visiting: <https://www.nhs.uk/ask-for-a-coronavirus-test/test-centre> or by dialling 119.

In the likely event of the tests coming back negative we will get everything back to normal for Mrs Sage's group as quickly as possible.

Yours sincerely,

Mr S Bill.
