Dear Parents,

## **Update and remote learning**

Before I go on to talk about remote learning I would like to share some news with you. Last week we appointed a teacher to teach Class 4 from September. Her name is Mrs Collard who is an experienced teacher who comes to us from another Worcestershire school. We are confident that her ethos and experience will mean that our pupils really thrive in her class. We will include her in our transition activities later this term.

We know that remote learning has been challenging and we have been thinking of ways to make this easier for you to manage at home. We recognise that whilst Class Dojo is great for communication, it is not the easiest app to get work from, so we have come up with a solution that we think will save you time. We have decided to put your child's work into a folder on Microsoft OneDrive that we will then share with you on a weekly basis. You can then access the work from there before emailing any completed work directly to your child's teacher. We are going to roll this out next week so shortly your child's teacher will send you a link to your class folder and an email address to send completed work to. If you have any issues accessing the work then please let your child's teacher know and we will make sure that you get the work in a different way.

Finally, we are carefully monitoring our capacity here and we may be in a position to take some more pupils in from either year 1 or year 6. I will write to you about this next week if we are sure we have capacity. In the meantime I hope that you are all keeping safe and well.

Yours sincerely

Mr Bill

Headteacher
