Dear Parents and Carers,

Children's Mental Health week

Next week we will be undertaking various children's mental health week activities with all of our pupils, both remotely and in school. The week is an opportunity to **shine a spotlight on children and young people's mental health**. Of course this year the subject of children's mental health is particularly topical, due to the C-19 pandemic and the impact it has had on young people's lives.

On Friday 5th February, we are taking part in the "**Dress To Impress**" campaign. By getting involved, you'll not only be raising important awareness, but also vital funds to help more children and young people get the emotional support they need. On this day we would like children to wear all the colours of the rainbow to shine a light on the importance of talking about mental health. If your children are learning remotely please share photos of them dressed up in their rainbow colours via class dojo so we can see how wonderful they look.

Next week, we will write to you separately about how you can contribute to this cause should you wish to do so.

Finally, we understand how hard this period is for many of you, and I would just like to reiterate that we are here to help if we can. Please do get in contact if you are struggling and we will see what we can do to improve matters. Please also see the link below which will take you to a directory of potentially useful services:
