Dear Parents/Carers,

We fully understand the immense pressures that the current national restrictions have put on to our families and we want to do our bit to help where we can. I understand that many of you may be feeling overwhelmed by the situation and we do not want this to be further exacerbated by the work that is sent home from school.

The primary function of this letter is to let you know that we do not want you to feel undue pressure from the school to complete everything if this is not possible. We understand that you may be sharing devices and workspaces and therefore the completion of all tasks is unrealistic in some cases. We are also fully cognisant of the fact that you are trying to work from home as well as support the education of your children and that this is an incredibly big ask. Therefore, we are asking you to please just do what you can and keep in touch.

Your class teacher will keep allocating daily assignments, recorded modelling of concepts (when needed) and links to other high-quality models but it is fine with us if you work through them at your own pace. We will also keep up the one to one interactions and the live class interactions to try and maintain a sense of belonging and community. The most important thing to us is your family's well-being at this difficult time. We know that children can't meaningfully access learning unless they feel safe, secure and happy and therefore that has to be our top priority now.

Please remember that we are here to help and if we can we will. Teachers are contactable via Class Dojo and you can reach me by email or phone. Thank you for your continued efforts during these most challenging of times.

Yours sincerely,

Mr S Bill

Headteacher
